

HIGH YIELD PRE-WOUND BOBBINS

Pre-wound embroidery bobbins represent the perfect combination of quality and time-saving convenience. Package designed to speed your production, precision-wound to guarantee the correct number of yards per bobbin. Pre-wound bobbins greatly reduce sewing interruptions and include magnetic and various embroidery thread sides. Available in both "L" and "M" Styles.

Features

- Available with magnetic side to minimize bobbin over-spin
- Minimal problems with bobbin pick-up
- Improves tension control
- Minimal interruptions
- Predictable run-time
- Precision wound to guarantee consistent yards per bobbin.
- With or without sides.
- Flame retardant version available
- All bobbins packed in boxes of 144 (1 gross)

SCHIFLI PRODUCTS

A&E offers a complete line of thread, yarn and cocoon bobbins specially designed for the Schifli embroidery market. Our Schifli product line includes trilobal polyester, spun poly, cotton-poly blends, filament rayon, mercerized cotton, nylon filament, and many other yarn types all available on prewound Schifli spools or larger put-ups. For bobbins needs, A&E is proud to produce a broad collection of cocoon bobbins in a variety of sizes and fiber types including spun polyester and filament nylon.

For our customer requiring guaranteed United States Origin products for military or veteran applications, A&E is one of the only independent manufacturers selling direct to market. When one purchases A&E products for use in US origin certified products, our customers can remain assured that this is exactly what they will ALWAYS get.
